

THE TASK: HOMEWORK (An entrepreneur's mindset)

1. This will be pair work so find a partner from the class to do the task with.

(There are 25 of you so one person will do the task by him/herself)

2. In the video lesson you have learned about the personality traits that entrepreneurs usually have (e.g. vision, risk-taking, passion, humility, etc.). There are 13 of them mentioned in the lesson.

3. Find an example of an entrepreneur (e.g. Mate Rimac, Ivan Mrvoš, Rob and Paul Forkan, etc.), do some research on their work, so that you can identify as many of those personality traits in them as possible.

4. Make a mind map of this entrepreneur's personality traits/characteristics – name the personality trait but also give an example/fact you found about them which proves they have this personality characteristic.

5. Make a mind map by using one of the digital tools for making mind maps such as: popplet, mindmeister, canva, etc.

6. Upload the pdf format of your mindmap on loomen!

The mind map should look something like this:
